

## Happy New Year!

We ended 2015 with a terrific Christmas party! We had 40 guests, making it one of our largest ever. It was a good opportunity to meet and make new friends—and renew old friendships.

Stay dry and here's to a great 2016 everyone!

### WAR HORSE

Healing Horse was launched in October under the War Horse umbrella. Healing Horse now boasts 138 members, and has hosted 10 programs which has brought out over 100 program participants in just a little over 2 months! Programs have included group meditations, personal development pri-

vate sessions, and sharing healing energy with horses. In 2016, War Horse will be hosting more of it's corporate team building programs. Lined up so far are the Palomar College Foundation, Bank of California, a branch of the military, an architectural firm and a construction company!

## Adopt-a-Horse Volunteers

Pictured here, volunteer, Enrique Gonzalez, helps out with Hawk and Rein.

Enrique works security at Camp Pendleton, misses home in Virginia and enjoys helping out around the ranch.

If you, or someone you

know, loves horses, has experience with horses, and would like to spend time with a horse, we are accepting

applications to our Adopt-A-Horse program. Participants will be screened for their suitability, the time they have available, and personalities matched with HRS horses. All volunteers will need to sign a Waiver of Release.
